Advantage Rule

New

Advantage : a penalty is awarded only when a player or team has been disadvantaged by an opponent breaking the Rules.

If awarding a penalty is not an advantage to the team which did not break the Rules, play must continue.

Notes

b when the Rules have been broken, an umpire must apply advantage if this is the most severe penalty

c possession of the ball does not automatically mean there is an advantage ; for advantage to apply, the player/team with the ball must be able to develop their play

Old

Umpires shall refrain from enforcing a penalty in cases where they are satisfied that by enforcing it an advantage would be given to the offending team.
